EDUCATION

Animal Sciences And Agricultural Technology
Silpakorn University.
2009 - 2013

PROFILE

With 5 years of accounting experience, I thrive under pressure, consistently delivering precise and reliable results. My expertise encompasses procurement and sales of IT products, highlighting **adaptability** and **collaborative teamwork**. Transitioning from this role, I dedicated time to care for an unwell elderly family member. Now, my goal is to seamlessly integrate my extensive experience and technical skills into the technology sector, positioning myself as a well-rounded and versatile full-stack developer

WORK EXPERIENCE

Junior Software Developer Bootcamp

Generation Thailand   *Nov 2023 - Feb 2024*

- Develop a solid understanding of being a developer, incorporating behavioral skills and a mindset framework for effective work
- Embarked on a captivating journey exploring both back-end and front-end development, mastering HTML & CSS, JavaScript, React, NodeJS, and diving into the realms of SQL and Non-SQL databases.
- Final Project "I Move" a web application designed to track fitness activities. using **Agile Methodology**, Utilized **Git** for streamlined **collaboration** and effective version control.
- The project unfolds in 3 sprints:
  - Web Design Sprint:
    - Executed wireframing in Figma, prioritizing UX/UI.
    - Developed realistic prototypes for visualization.
  - Frontend Development Sprint:
    - Constructed the app using **React** and enhanced with **Tailwind CSS**.
    - Implemented CRUD operations for efficient data management.
  - Backend Implementation Sprint:
    - Utilized **Node.js** and **Express** for a responsive backend.
    - Integrated **MongoDB** for robust database management.
